EXECUTIVE SUMMARY

A Computer Science fresh graduate from Universitas Diponegoro, certified Associate Data Scientist, with proven experience building machine learning models and full-stack web applications. Skilled in Python, HTML, CSS, React.js, Javascript, Laravel, and MySQL, with a track record of delivering data-driven solutions and leading cross-functional teams. Strong interest in AI, business analytics, and product-oriented technology development.

EDUCATION

Universitas Diponegoro	2022 – 2026
Bachelor of Computer Science GPA: 3.89 / 4.00	
Relevant Coursework: Data Structures, Algorithms, OOP, Software Engineering, Platform-Based Development, Machine Learning, Data Mining, Natural Language Processing, Information Retrieval	

WORK EXPERIENCE

PT Dirgantara Indonesia (Persero)	Bandung, Indonesia
<i>Web Developer (Internship)</i>	Jan 2025 – Feb 2025
- Developed a web-based Fixed Asset Management System for PT. Dirgantara Indonesia's IT Division, handling end-to-end development from requirements gathering to deployment - Implemented QR code-based asset tracking and damage reporting across 12 asset categories, replacing manual paper-based recording	
Diponegoro Univerity	Semarang, Indonesia
<i>Machine Learning Laboratory Assistant</i>	Sep 2025 – Nov 2025
- Delivered end-to-end machine learning lab sessions to 20+ students, covering supervised/unsupervised learning - Guided students in implementing ML algorithms using Python and provided individual feedback on assignments	
<i>Computer Graphics & Visual Computing Laboratory Assistant</i>	Feb 2025 – May 2025
- Delivered 10 hands-on modules to 20+ students on OpenGL fundamentals, including transformations, animation, lighting, texturing, and interaction - Assisted students in 2D/3D modeling and visual computing tasks, including projection and object rendering	

PROJECT

Fake vs Real Twitter Account Classification	Oct 2025 – Feb 2026
<i>Undergraduate Thesis</i>	
- Built a multimodal deep learning model (LSTM + GloVe + MLP) on Cresci-2017 dataset using 19 metadata features and tweet text for fake account detection - Achieved 99.20% accuracy and weighted F1-Score 99.21% on imbalanced dataset without oversampling	
Content-Based Music Recommendation System using Audio Features	Dec 2025
<i>Information Retrieval Project</i>	
- Developed a content-based recommendation system using similarity-based retrieval of extracted audio features - Achieved Average Precision@10 of 1.0, with Recall@10 of 0.10 across genre-based relevance evaluation	
Predicting YDI in ASEAN Using Economic and Internet Access Indicators	June 2025
<i>Data Science Project</i>	
- Analyzed data across 10 ASEAN countries to identify key drivers of youth unemployment - Generated actionable insights on internet access and economic indicators to support SDG-aligned strategies	
Sentiment Analysis on Tokopedia Reviews	May 2025
<i>Natural Language Processing Project</i>	

- Classified sentiment of 5,305 Indonesian e-commerce reviews using IndoBERT embeddings and Logistic Regression with comparative preprocessing analysis
- Achieved 95% accuracy, precision, recall, and F1-score (macro & weighted avg)

Fixed Asset Management System

Jan 2025 – Feb 2025

Internship Project

- Developed a full-stack web-based asset management system using Laravel, PHP, HTML, CSS, and MySQL for PT Dirgantara Indonesia's IT Division
- Implemented CRUD features, QR code-based asset tracking across 12 asset categories (10 computer equipment, 2 office supplies), and damage reporting system

Customer Segmentation using K-Means Clustering and RFM Analysis

Nov 2024 – Dec 2024

Machine Learning Project

- Segmented 541,909 transaction records into 3 customer groups using K-Means clustering on Recency, Frequency, and Monetary Value (RFM) features with full preprocessing pipeline
- Identified high-value, mid-engagement, and low-engagement segments to support targeted business strategy

Academic Information System (MAGISTRA)

Aug 2024 – Dec 2024

Web Development Project

- Conducted requirements analysis and designed system workflow for a multi-role academic management system covering 5 user roles and 8 functional modules
- Developed UI/UX prototypes using Figma and implemented full-stack system using Laravel, PHP, and MySQL

ORGANIZATIONAL EXPERIENCE

Himpunan Mahasiswa Informatika (HMIF) UNDIP

Semarang, Indonesia

Expert Staff of Advocacy Student Welfare in Social Division

Feb 2024 – Dec 2024

- Facilitated scholarship dissemination and student advocacy to faculty, while coordinating social fundraising initiatives for students in need

Treasurer of Social Division

Feb 2023 – Dec 2023

- Managed budgeting, fund reporting, and financial accountability for a six-month program series, successfully reducing division expenses by 10% without compromising event quality

Annual Informatics Competition (ANFORCOM)

Semarang, Indonesia

Publication Coordinator

May 2024 – Sep 2024

- Led publication strategy, executing a visual content campaign that reached 11,300 Instagram impressions
- Attracted 99 competing teams from universities and high schools nationwide, securing partnerships with 38 media partners and student organizations across Indonesia

Informatics Care (I-CARE)

Semarang, Indonesia

Head of Publication, Design, and Documentation Division (PDD)

Apr 2024 – Jun 2024

- Led publication, design, and documentation team to maintain visual consistency across all event materials, supporting social fundraising campaigns through strategic content distribution.

SKILLS

Technical Skills:

- **Programming:** Python, C, PHP
- **Web Development:** Laravel, HTML, Javascript, CSS, React.js, REST API, MVC Architecture, Agile, Figma
- **Data & AI:** Machine Learning, Deep Learning, Pandas, NumPy, Scikit-learn, TensorFlow/Keras, NLP, IR, Data Preprocessing, Data Visualization, Feature Engineering, Model Evaluation
- **Database:** MySQL, Database Design
- **Tools:** Git, Jupyter Notebook, Google Colab, Kaggle, Notion

Certification: Database Design - Oracle Academy (2023), Database Programming with SQL - Oracle Academy (2024), Cloud Computing - Alibaba Cloud Certification (ACA, 2024), Associate Data Scientist - LSP Sertifa (BNSP, 2026)

Language: Indonesian (Native), English (Intermediate)
